EXPERIENCE

Software Development Engineer
Coredge India Private Limited

📅 Dec 2022 – Ongoing   📍 Remote

UI Core Components Designing & Application Interface Coding
- Identified web-based user interactions and developed highly-responsive user interface components via React concepts
- Integration of user-facing elements developed by front-end developers with server side logic using Node Js and Express.
- Translated designs wire frames into high-quality code and wrote application interface code via JavaScript following React.js workflows

Performance Optimization & Features Development
- Handled Optimization of code base based on multiple client Requirement
- Developed the latest user-facing features using React.js and built reusable components front-end libraries for future use
- Reviewed application requirements and interface designs to ensure compatibility with existing applications
- Involved in using GIT, for project management and version management.

Senior Software Engineer
Persistent System Limited

📅 Nov 2020 – Nov 2022   📍 Nagpur

- Developed Full-stack applications acrossvarious platforms using latest industry-adopted technologies and frameworks
- Work closely with development team including project manager, developers, and QA to determine problems, testing methods, and best practices
- Developed the latest user-facing features using React.js and built reusable components front-end libraries for future use
- Reviewed application requirements and interface designs to ensure compatibility with existing applications

Associate Software Engineer - Intern
ZS Associates

📅 Jan 2020 – June 2020   📍 Pune

- Building stable and scalable Components using React
- Understanding Business Logic of Application to developed to better develop various views.
- Understanding of Agile workflow to better develop application within given time-frame

EDUCATION

B.E. in Computer Science Engineering
Shri Ramdeobaba College of Engineering, Nagpur

📅 2016 – 2020   📍 Nagpur

CGPA: 8.48/10.0

SUMMARY

4 years experienced React Developer with hands-on experience in identifying web-based user interactions along with designing implementing highly-responsive user interface components by deploying React concepts. Proficient in translating designs & wireframes into high-quality code, and writing application interface code via Javascript, TypeScript and ReactJS workflows. Adept at monitoring & maintaining frontend performance and troubleshooting & debugging the same to bolster overall performance.

KEY SKILLS

- Front-end Developement
- K8s development within UI
- Front-end Architecture
- Performance Improvement
- Feature Designing
- Webpage Designing
- Optimization
- Project Delivery

TECHNICAL SKILLS

Languages: Javascript | TypeScript | HTML5 & CSS

React tools: React | Redux | NodeJS | Webpack | Material UI | React Query | Kubernetes

Development tools: GIT | Babel | Webpack | npm/yarn
